Regional Advisory Committee Regional Goal Action Plans

As the next step in the Vision and Water Plan development, action plans for each of the regional goals have been developed. As you did at the August KWA Meeting, you will hear from RAC chairs, or their designees, on action plans that the RAC has taken approved. This is an important step in the process and represents significant effort on the parts of these local volunteers. Review and approval of locally developed plans to address water resource issues is a primary responsibility of the KWA. You will be asked to approve action plans you believe address the goals and are appropriate. These action plans will ultimately be reflected in the Kansas Water Plan.

Attached to this memo are the remaining action plans for review and approval by the KWA. 33 action plans were approved by the KWA at the August meeting. As a reminder, these approved action plans will be highlighted at the Governor's Conference on November 14-15, 2016 in Manhattan, Kansas.

The following Action Plans are attached to this memo for your review:

- Missouri RAC Action Plan for Goal 2
- Kansas RAC Action Plans for Goals 1, 2, and 4
- Great Bend Prairie RAC Action Plans for Goals 1-5
- Smoky Hill-Saline RAC Action Plans for Goals 1-4
- Upper Smoky Hill RAC Action Plans for Goals 1-5
- Upper Republican RAC Action Plans for Goals 1-5
- Equus-Walnut RAC Action Plans for Goals 2, 3, and 4

The Kansas Water Office recommends the KWA give approval to these Regional Goal Actions Plans
