Governor Sam Brownback holds Water Tour *Presenting new data regarding life of the Ogallala Aquifer*

WHO: Governor Sam Brownback, Kansas Geological Survey, Kansas Department of Agriculture, Kansas Water Office, and various local leaders

WHAT: Governor Sam Brownback, along with the Kansas Geological Survey, will present new data regarding the life of the Ogallala Aquifer

WHEN/WHERE: Tuesday, July 18

11:00 a.m., Hoxie Feedyard, Inc.
3522 N Road 70 West
Hoxie, Kansas

2:15 p.m., American Implement
2611 West Jones Avenue
Garden City, Kansas

INFORMATION: The Governor's Water Tour will highlight new data regarding the life of the Ogallala Aquifer, first-hand accounts of progress made toward water conservation and management activities, irrigation and soil moisture technology directing water use decisions, and the impact of water conservation in farm-level and regional economics.
