

CHARLES WILHITE – SITE 19

STREAMBANK STABILIZATION PROJECT

ADDENDUM NO. 1

DECEMBER 16, 2009

Contractors submitting proposals for the above reference project shall take note of the following changes, additions, deletions, clarifications to the Plans that shall become a part of and have precedence over anything shown or described in the Contract Documents and shall be taken into consideration and be included with Contract Documents for the reference project. Project quantities remain the same.

DRAWINGS

DRAWING C02: Refer to the revised Site 19 Plan Sheet for new rock vane locations.

John N. Browning, P.E.
