

Governor's Conference on the Future of Water in Kansas

November 14–15 | Manhattan, Kansas

CALL FOR ABSTRACTS

Abstracts on water research are invited for Day 2, November 15. Thematic areas include, but are not limited to reservoirs; municipal and industrial water; watersheds; High Plains and other aquifers; irrigation and water conservation; droughts, floods and climate change; water transfers; water reuse; water and energy; and water and health.

Deadlines

Professionals: Monday, October 3 (oral or poster)

Students: Monday, October 24 (posters only)
