

Governor’s Conference on the Future of Water in Kansas

November 8-9, 2017, Manhattan, Kansas

This exciting conference will highlight the latest policy and research developments of water issues in Kansas as well as *Kansas Water Vision* implementation. It will attract hundreds of attendees, including state and Congressional legislators, state and federal officials, organizations and citizens who share an avid interest in our state’s water resources. Your commitment as a sponsor will ensure this annual Governor’s Water Conference is a success – setting the precedence for future years.
