

Richard Rockel

Richard is a Water Resource Planner who contributes to many of the projects in western Kansas, including advising the Upper Republican and Upper Smoky Hill Regional Advisory Committees, USDA-RMA Limited Irrigation Crop Insurance implementation and education, Water Technology Farms, Water Conservation Areas, Local Enhanced Management Areas, and the Water Talk Series.

Richard holds a Bachelor's degree in Geology from the University of Kansas, and has previously worked for the KDHE-Bureau of Water as an Enforcement Officer and the KDA-Division of Water Resources as the Supervisor of the New Appropriations Unit.
